Preamble

This Software and Source Code License Agreement ("AGREEMENT") is a legal agreement between You, the "LICENSEE", and Applied Informatics Software Engineering GmbH ("APPLIED INFORMATICS") from whom LICENSEE acquired the software product(s) ("SOFTWARE"), as it/they is/are described in Attachment A.

The license(s) granted herein are granted pursuant to a purchase order submitted by you, the LICENSEE for the purchase of an appropriate number of licenses to certain APPLIED INFORMATICS software products to be used by the LICENSEE and, if applicable, by the LICENSEE's employees, subcontractors or other agents in performing services for the LICENSEE (such employees, subcontractors and agents are collectively referred to herein as "SOFTWARE DEVELOPERS"). By installing, copying or otherwise using the software or its accompanying materials the LICENSEE agrees to be bound by, and to require each of its SOFTWARE DEVELOPERS to be bound by, the terms of this AGREEMENT. If you do not agree with the terms of this AGREEMENT, APPLIED INFORMATICS is unwilling to license the SOFTWARE to you. In such event, you may not use or copy the SOFTWARE, and you should promptly contact APPLIED INFORMATICS for instructions on return of the unused product(s) for a refund.

If you have obtained the SOFTWARE for evaluation purposes and you have not purchased the necessary licenses, then you are only authorized to install and use the SOFTWARE for the sole purpose of evaluating its functionality and performance. You may not integrate the SOFTWARE into products or use it for any commercial or production purpose. You may not redistribute the SOFTWARE.

The enclosed software, including, but not limited to, one or more of the following: source code, object code, dynamic link libraries, statically linked libraries, executables, header files, sample programs, utility programs, Makefiles, project files and scripts (collectively, the "SOFTWARE") and all user documentation related thereto (the "DOCUMENTATION") is owned by APPLIED INFORMATICS or its suppliers and is protected by Austrian copyright laws and international treaties. The SOFTWARE is licensed, not sold. The LICENSEE may use the SOFTWARE on any number of computers only in accordance with the terms and conditions set forth in this AGREEMENT.

1 LICENSE GRANT

Subject to the terms and conditions set forth herein, the LICENSEE shall have the world-wide, nonexclusive, non-transferable and non-sublicensable (except for SOFTWARE DEVELOPERS) right to:

a) Incorporate the dynamic link libraries, statically linked libraries and executables of the SOFTWARE into the application products that the SOFTWARE DEVELOPERS develop.

b) Modify (i.e. modify the source code and rebuild) the dynamic link libraries, statically linked libraries and executables of the SOFTWARE and incorporate the modified libraries and executables into the application products that the SOFTWARE DEVELOPERS develop.

c) Make and distribute copies of the dynamic link libraries, statically linked libraries and executables, in their original form and/or as modified and/or rebuilt by LICENSEE, as incorporated into application products that the SOFTWARE DEVELOPERS develop in accordance with the terms of this AGREEMENT, provided that the SOFTWARE, or any other APPLIED INFORMATICS product/products, does/do not constitute a major portion of the value of such application products.

d) Make an unlimited number of copies (either in hardcopy or electronic form) of the DOCUMENTATION delivered by APPLIED INFORMATICS electronically, provided that such copies shall be used solely for internal purposes and shall not be republished or distributed to any third party.

LICENSEE shall be under no obligation to disclose the source code (to Applied Informatics or to any third parties) to applications it develops under this Agreement that use libraries, executables or source code licensed from APPLIED INFORMATICS.

For certain SOFTWARE licenses purchased as a SUBSCRIPTION, as stated in the quote, order confirmation and/or invoice, please note that the license is only granted for a specific duration (stated in the quote, order confirmation and/or invoice) and that SOFTWARE automatically ceases to work after that duration has lapsed. Hence, you must purchase a new license at or prior to this point in time if you wish to continue using SOFTWARE.

2 RESTRICTIONS

Unless expressly permitted under this AGREEMENT or otherwise by APPLIED INFORMATICS, LICENSEE will not:

a) Distribute in any manner any of the header files, source code, SAMPLE CODE, Makefiles, object modules or independent static libraries of the SOFTWARE or any portion thereof.

b) Use, copy, merge or compile all or any portion of the source code or object code of the SOFTWARE except as expressly provided in this AGREEMENT.

- c) Alter, remove or cover proprietary notices in or on the SOFTWARE, related documentation or storage media.
- d) Distribute any portion of the SOFTWARE or any derivative of any portion of the SOFTWARE in a software development product or otherwise in competition with APPLIED INFORMATICS.
- e) Decompile, disassemble or reverse engineer any object code form of any portion of the SOFTWARE.
- f) Rent, lease, license, transfer or otherwise provide access to the SOFTWARE or related components.
- g) Disclose any source code of the SOFTWARE or any portion thereof to any person or entity.
- h) Alter, circumvent, remove, disable or otherwise interfere with any license validation and enforcement mechanism in the SOFTWARE.

The number of SOFTWARE DEVELOPERS using the SOFTWARE must not exceed the total number of software developers that LICENSEE has purchased developer licenses for, as specified in the purchase order(s). For the purpose of this AGREEMENT, “using” particularly means directly calling the programming interfaces of SOFTWARE, or otherwise incorporating the source code of SOFTWARE, in its original form or as modified and/or rebuilt by LICENSEE, or parts thereof into LICENSEE’s software.

The number of devices the SOFTWARE is deployed on, or that make otherwise use of the SOFTWARE, must not exceed the total number of devices that LICENSEE has purchased device licenses for, as specified in the purchase order(s).

The source code of the SOFTWARE is a valuable asset of APPLIED INFORMATICS. The LICENSEE hereby agrees to keep all source code of the SOFTWARE in strict confidence and to require each of its SOFTWARE DEVELOPERS to keep all source code of the SOFTWARE in strict confidence. Neither the LICENSEE nor any SOFTWARE DEVELOPERS may transfer or assign the SOFTWARE or its rights under this AGREEMENT.

3 WARRANTY

The SOFTWARE and the DOCUMENTATION are provided "as is." APPLIED INFORMATICS points out expressly that with state-of-the-art technology it is not possible to develop computer programs that will function flawlessly under all conceivable circumstances. The object of the warranty provided by APPLIED INFORMATICS is therefore software that will generally function as described in the program description.

APPLIED INFORMATICS warrants to LICENSEE that the unaltered SOFTWARE will substantially perform the functions described in the DOCUMENTATION for a period of 90 days after the date of delivery of the SOFTWARE to the LICENSEE. APPLIED INFORMATICS’ sole obligation under this warranty shall be limited to using reasonable efforts to correct

material, documented, reproducible defects in the unaltered SOFTWARE that the LICENSEE describes and documents to APPLIED INFORMATICS during the 90-day period. In the event that APPLIED INFORMATICS fails to correct a material, documented, reproducible defect within a reasonable period, APPLIED INFORMATICS may, at APPLIED INFORMATICS' discretion, either replace the defective SOFTWARE, or refund to you the amount that you paid APPLIED INFORMATICS for the defective SOFTWARE and cancel this AGREEMENT and the licenses granted herein. In such event, the LICENSEE shall promptly destroy all copies of the SOFTWARE and DOCUMENTATION in the LICENSEE's possession or control.

As already indicated in section 1, above, please note that the license for certain SOFTWARE purchased as SUBSCRIPTION is limited in time and that that SOFTWARE automatically ceases to work after that duration has lapsed. Hence, no warranty whatsoever is given for that cease of SOFTWARE's functions.

The warranty is immediately voided if the LICENSEE makes any modifications to the SOFTWARE or uses the SOFTWARE on an environment (hardware, operating system, etc.) not approved by APPLIED INFORMATICS or set forth in the DOCUMENTATION. In particular, APPLIED INFORMATICS assumes no liability for errors, malfunctions or damage due to improper use, modified operating system components and versions, interfaces and parameters, use of unsuitable organizational media and data carriers, if any are provided for, abnormal operating conditions (especially different installation and storage conditions), or to damage incurred in transit. Except as specifically provided in the paragraph immediately above, APPLIED INFORMATICS makes no warranty, express or implied, including, but not limited to, any warranty of merchantability, non-infringement or fitness for a particular purpose.

4 LIMITATIONS OF LIABILITY

In no event will either party (or its officers, employees, suppliers, distributors, or licensors: collectively "Its Representatives") be liable to the other party for any indirect, incidental, special or consequential damages whatsoever, including but not limited to loss of revenue, lost or damaged data or other commercial or economic loss, arising out of any breach of this AGREEMENT, any use or inability to use the SOFTWARE or any claim made by a third party, even if either party (or Its Representatives) have been advised of the possibility of such damage or claim. APPLIED INFORMATICS' liability for slight negligence is entirely excluded, except for personal injury and/or death. In no other event (except for personal injury and/or death) will the aggregate liability of APPLIED INFORMATICS (or that of Its Representatives) for any damages or claim, whether in contract, tort or otherwise, exceed the amount paid by LICENSEE for the SOFTWARE.

These limitations shall apply whether or not the alleged breach or default is a breach of a fundamental condition or term, or a fundamental breach. Some jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, or certain limitations of implied warranties. Therefore, the above limitation may not apply.

NOTWITHSTANDING THE PARAGRAPHS ABOVE, THE FOREGOING SHALL NOT LIMIT THE INDEMNIFICATION OBLIGATIONS OR HOLD HARMLESS OBLIGATIONS SET FORTH IN THIS AGREEMENT.

5 TERM AND TERMINATION

The term of this AGREEMENT is perpetual, except for SOFTWARE licenses purchased as SUBSCRIPTION. In case of a SUBSCRIPTION, the license automatically expires after the license-duration acquired by you has lapsed and SOFTWARE automatically ceases to work after that duration has lapsed. (in this respect, also see sections 1 and 3, above, already). Hence, you must purchase a new license at or prior to this point in time if you wish to continue using SOFTWARE.

However (respectively in case of a SUBSCRIPTION: Furthermore), this AGREEMENT (including all of the licenses granted herein) will terminate automatically and immediately in the event of any material breach of its terms or conditions by the LICENSEE if not corrected within 30 days of receipt of a written notice describing the breach. In no case shall accidental disclosure of licensed source code or theft of LICENSEE'S computers containing said licensed source code be a cause for termination of this AGREEMENT. In the event of such termination, LICENSEE shall promptly destroy all copies of the SOFTWARE and DOCUMENTATION in his or her possession or control.

6 INDEMNITY

LICENSEE shall indemnify, hold harmless and defend APPLIED INFORMATICS and their respective officers, directors and employees, from and against any damages, liabilities and costs (including reasonable attorneys' fees) incurred in connection with any claims or lawsuits that arise or result from (i) distribution of any application products or (ii) the breach by LICENSEE or any of its SOFTWARE DEVELOPERS of any terms of this AGREEMENT.

7 TECHNICAL SUPPORT

APPLIED INFORMATICS has no obligation under this AGREEMENT to provide maintenance, support or training.

8 COPYRIGHT NOTICES

LICENSEE shall display the following copyright notice either at application startup, in the application's "about box", or in the accompanying documentation: "This product contains software licensed from Applied Informatics Software Engineering GmbH. Copyright © 2006-2021 by Applied Informatics Software Engineering GmbH."

9 CONCLUDING TERMS

A. **Applicable Law.** This Agreement shall be governed by and construed in accordance with the laws of Austria without reference to its conflict of laws principles. The United Nations Convention on the Sales of Goods is not applicable and is expressly disclaimed.

B. **Public Reference.** LICENSEE consents to the public use of its name as a reference of APPLIED INFORMATICS, unless LICENSEE notifies APPLIED INFORMATICS in writing that it withholds such consent.

C. **Modification.** This Agreement may not be modified or amended except by written notice, which is signed by authorized representatives of each of the parties.

D. **No Waiver.** The failure of either party to exercise any right or the waiver by either party of any breach, shall not prevent a subsequent exercise of such right or be deemed a waiver of any subsequent breach of the same of any other term of the Agreement.

E. **Equitable Remedies.** The parties recognize that money damages may not be an adequate remedy for any breach of any obligation hereunder by LICENSEE involving APPLIED INFORMATICS's intellectual property or use of the SOFTWARE beyond the scope of the license granted by this Agreement. The parties therefore agree that in addition to any other remedies available hereunder, by law or otherwise, APPLIED INFORMATICS and any third party from whom APPLIED INFORMATICS has licensed software or technology may be entitled to seek injunctive relief against any such continued breach by LICENSEE of such obligations.

F. **Arbitration.** All disputes arising out of or in connection with this Agreement shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with the said Rules. For the applicable law, see clause 9. A., above. The place of arbitration shall be Vienna, Austria. The language to be used in the arbitral proceedings shall be German.

G. **Written Notice.** Any written notice from one party to the other required by this Agreement shall be deemed made on the date of mailing if sent by certified mail or overnight courier and addressed to the address specified below. Written notice sent by any other means shall be deemed made on the date it is received by the party to whom it is directed. Notice sent by facsimile or by electronic mail, including electronic mail signed by qualified electronic signature, shall not be deemed "written notice" as contemplated by this Agreement.

H. **Entire Agreement.** This Agreement, including its Attachments, constitutes the sole and entire agreement of the parties with respect to the subject matter hereof and supersedes any prior oral or written promises or agreements. There are no promises, covenants or undertakings other than those expressly set forth in this Agreement. This Agreement can be superseded by a mutually agreed to written contract. LICENSEE's general terms and conditions and LICENSEE's other terms and conditions whatsoever are explicitly excluded and do not apply in any case

I. **No Election of Remedies.** The pursuit by either party of any remedy to which it is entitled at any time shall not be deemed an election of remedies or waiver of the right to pursue any other remedies to which it may be entitled.

J. **Independent Contractors.** Nothing in this Agreement shall be deemed or construed by the parties or by any other entity to create an agency, partnership or joint venture between LICENSEE and APPLIED INFORMATICS.

K. **Severability.** Should individual terms of this contract be or become inoperative, this will not affect the remaining terms of this contract. The parties to the contract will work in a spirit of partnership to find an arrangement that approximates as nearly as possible the inoperative terms.

L. **Attachments.** Attachments A, B, C and D hereto are incorporated into and made part of this Agreement.

Attachment A

Subject to inclusion of the respective SOFTWARE items in the Purchase Order, APPLIED INFORMATICS shall furnish LICENSEE with the SOFTWARE, as described below. SOFTWARE will be made available for download in machine-readable source code form by electronic file transfer. The DOCUMENTATION will be delivered electronically in machine-readable form suitable for online viewing and printing. LICENSEE may copy, print, or reproduce the DOCUMENTATION without restriction, provided that all copyright and other proprietary notices are reproduced substantially similar to the originals.

Software Item	Description
macchina.io IoT Edge Device SDK	A toolkit for building IoT device applications that connect sensors, devices and cloud services.
macchina.io Remote Manager Server and SDK	A server and SDK providing secure remote access via web, apps, SSH and VNC, as well as flexible management of IoT edge devices.
OSP	Open Service Platform component framework and application server. Includes the following libraries and tools: OSP, OSP/BundleCreator, OSP/BundleAdmin, OSP/Auth, OSP/Web, OSP/Shell, OSP/BundleSign and all bundles found in the OSP source tree.
Remoting NG	Remote Method Invocation and Web Services for C++. Includes the following libraries and tools: CodeGeneration, RemotingNG, RemotingNG/RemoteGen, RemotingNG/SOAP, RemotingNG/TCP, RemotingNG/HTTP, RemotingNG/REST, RemotingNG/JSONRPC.
XML Schema and WSDL Code Generator	Code generator for C++ from XML Schema and WSDL documents, used together with Remoting NG. Includes the following libraries and tools: XSD/Types, XSD/Parser and XSD/CodeGen.
Universal Plug and Play	A modular and extensible C++ framework for implementing UPnP™ capable devices and applications. Includes the following libraries and tools: UPnP, UPnP/SSDP, UPnP/SOAP, UPnP/GENA, UPnP/ServiceDesc and UPnP/UPnPGen
DNSSD	Automatic discovery of network services and network devices, based on Multicast DNS (mDNS) technology. Includes the following libraries: DNSSD, DNSSD/Bonjour and DNSSD/Avahi.
Fast Infoset	Compression and faster parsing of XML documents,

	based on ITU-T Rec. X.891 and ISO/IEC 24824-1, also known as Fast Infoset.
POCO C++ Libraries	Includes the following libraries licensed under the terms and conditions of the Boost Software License: Foundation, XML, Util, Net, NetSSL_OpenSSL, Data, Data/SQLite, Data/ODBC, Data/MySQL, Zip, Crypto, CppParser.

Perl Compatible Regular Expressions (PCRE)

PCRE is a library of functions to support regular expressions whose syntax and semantics are as close as possible to those of the Perl 5 language.

Release 7 of PCRE is distributed under the terms of the "BSD" licence, as specified below. The documentation for PCRE, supplied in the "doc" directory, is distributed under the same terms as the software itself.

The basic library functions are written in C and are freestanding.

SIL OPEN FONT LICENSE Version 1.1 - 26 February 2007

PREAMBLE

The goals of the Open Font License (OFL) are to stimulate worldwide development of collaborative font projects, to support the font creation efforts of academic and linguistic communities, and to provide a free and open framework in which fonts may be shared and improved in partnership with others.

The OFL allows the licensed fonts to be used, studied, modified and redistributed freely as long as they are not sold by themselves. The fonts, including any derivative works, can be bundled, embedded, redistributed and/or sold with any software provided that any reserved names are not used by derivative works. The fonts and derivatives, however, cannot be released under any other type of license. The requirement for fonts to remain under this license does not apply to any document created using the fonts or their derivatives.

DEFINITIONS

"Font Software" refers to the set of files released by the Copyright Holder(s) under this license and clearly marked as such. This may include source files, build scripts and documentation.

"Reserved Font Name" refers to any names specified as such after the copyright statement(s).

"Original Version" refers to the collection of Font Software components as distributed by the Copyright Holder(s).

"Modified Version" refers to any derivative made by adding to, deleting, or substituting -- in part or in whole -- any of the components of the Original Version, by changing formats or by porting the Font Software to a new environment.

"Author" refers to any designer, engineer, programmer, technical writer or other person who contributed to the Font Software.

PERMISSION & CONDITIONS

Permission is hereby granted, free of charge, to any person obtaining a copy of the Font Software, to use, study, copy, merge, embed, modify, redistribute, and sell modified and unmodified copies of the Font Software, subject to the following conditions:

- 1) Neither the Font Software nor any of its individual components, in Original or Modified Versions, may be sold by itself.
- 2) Original or Modified Versions of the Font Software may be bundled, redistributed and/or sold with any software, provided that each copy contains the above copyright notice and this license. These can be included either as stand-alone text files, human-readable headers or in the appropriate machine-readable metadata fields within text or binary files as long as those fields can be easily viewed by the user.
- 3) No Modified Version of the Font Software may use the Reserved Font Name(s) unless explicit written permission is granted by the corresponding Copyright Holder. This restriction only applies to the primary font name as presented to the users.
- 4) The name(s) of the Copyright Holder(s) or the Author(s) of the Font Software shall not be used to promote, endorse or advertise any Modified Version, except to acknowledge the contribution(s) of the Copyright Holder(s) and the Author(s) or with their explicit written permission.
- 5) The Font Software, modified or unmodified, in part or in whole, must be distributed entirely under this license, and must not be distributed under any other license. The requirement for fonts to remain under this license does not apply to any document created using the Font Software.

TERMINATION

This license becomes null and void if any of the above conditions are not met.

DISCLAIMER

THE FONT SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT OF COPYRIGHT, PATENT, TRADEMARK, OR OTHER RIGHT. IN NO EVENT SHALL THE COPYRIGHT HOLDER BE LIABLE FOR ANY CLAIM, DAMAGES OR OTHER LIABILITY, INCLUDING ANY GENERAL, SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER IN AN ACTION OF CONTRACT, TORT OR OTHERWISE, ARISING FROM, OUT OF THE USE OR INABILITY TO USE THE FONT SOFTWARE OR FROM OTHER DEALINGS IN THE FONT SOFTWARE.

noVNC

noVNC is Copyright (C) 2018 The noVNC Authors

(./AUTHORS)

The noVNC core library files are licensed under the MPL 2.0 (Mozilla Public License 2.0). The noVNC core library is composed of the Javascript code necessary for full noVNC operation. This includes (but is not limited to):

core/**/*.*.js

app/*.*.js

test/playback.js

The HTML, CSS, font and images files that included with the noVNC source distribution (or repository) are not considered part of the noVNC core library and are licensed under more permissive licenses. The intent is to allow easy integration of noVNC into existing web sites and web applications.

The HTML, CSS, font and image files are licensed as follows:

*.html : 2-Clause BSD license

app/styles/*.css : 2-Clause BSD license

app/styles/Orbitron* : SIL Open Font License 1.1

(Copyright 2009 Matt McInerney)

app/images/ : Creative Commons Attribution-ShareAlike

<http://creativecommons.org/licenses/by-sa/3.0/>

Some portions of noVNC are copyright to their individual authors. Please refer to the individual source files and/or to the noVNC commit history: <https://github.com/novnc/noVNC/commits/master>

There are several files and projects that have been incorporated into the noVNC core library. Here is a list of those files and the original licenses (all MPL 2.0 compatible):

core/base64.js : MPL 2.0

core/des.js : Various BSD style licenses

vendor/pako/ : MIT

vendor/browser-es-module-loader/src/ : MIT

vendor/browser-es-module-loader/dist/ : Various BSD style licenses

vendor/promise.js : MIT

Any other files not mentioned above are typically marked with a copyright/license header at the top of the file. The default noVNC license is MPL-2.0.

The following license texts are included:

docs/LICENSE.MPL-2.0

docs/LICENSE.OFL-1.1

docs/LICENSE.BSD-3-Clause (New BSD)

docs/LICENSE.BSD-2-Clause (Simplified BSD / FreeBSD)

vendor/pako/LICENSE (MIT)

SDK Redistribution

Subject to purchase of an SDK Redistribution License, LICENSEE shall have the nonexclusive, non-transferable right to redistribute header files, dynamic link libraries, statically linked libraries and executables of the SOFTWARE, as well as the DOCUMENTATION (together referred to as the "SDK") along with the application products that LICENSEE develops and distributes to third parties, provided that the SOFTWARE, or other APPLIED INFORMATICS products, do not constitute a major portion of the value of such application products.

Users of LICENSEE's application products shall have the nonexclusive, non-transferable right to use the SDK solely for the purpose of developing extensions, plug-ins or other software that only works in conjunction with LICENSEE's application products. The SDK may not be used to develop software that works independently of LICENSEE's application products.

LICENSEE shall incorporate clauses defining the valid use of the SDK into its application product's licensing terms and conditions.
